Portrait Drawing with Roné Prinz

Materials List

Please bring the following:

- Lots of drawing paper - a range of cheap, easily accessible paper - and one good quality sheet (at least A4 size) that is thick enough to take watercolour without buckling (200 gram +)
- A pencil that you like to work with + sharpener
- Erasers
- Any medium & other surface you want to draw on ex. Pen, ink, markers
- Watermedia & a jar for water & plate to mix colors on or a portable palate

I will provide a small clipboard and an 18 x 24-inch sheet of 140 lb. mixed-media paper, which we will turn into an accordion book. I'll also have extra materials available to share.
